
Title: The Virtues

Author: Jerno Milik

It seems that the
Virtues exist across
facets. Though not all
have been seen by our
exploration parties, the
eight shrines of Virtue
are spoken of in all
areas of Ilshenar. Ilshen
herself had the first
shrine built. That was
the shrine of Compassion.
Agian, very little of
anything Ilshen exists, this
is one of the rare
pieces, in the form of a
poem.
"Ilshen stood with hands
of light, At sun's height
without a sound. The
Ankh was stood upright,
upon Compassion's Ground."

Strangely enough a shrine
to Chaos is also to be
found. Lord Blackthorn is
pleased by this news I am
sure.
